ADB Procurement Dashboard (ProcDash)

provides relevant and consistent data and analysis of ADB operational procurement; facilitates decision making

serves as “single source of truth” for internal and external procurement research in ADB operations

promotes transparency and accountability of ADB operations

contributes to business efficiency by negating the need for separate tools, data reconciliation, and streamlining the preparation and dissemination of reports.

Operational Procurement

ADB procures goods, works, and services from external suppliers for its development projects and programs, and engages consultants to help prepare studies, appraisals, and reports.

Operations Procurement

The Procurement, Portfolio and Financial Management Department (PPFD) provides fiduciary oversight of procurement of goods, works, non-consulting and consulting services. PPFD supports ADB staff and borrowers on procurement planning and implementation, contract management, and related risk assessment and mitigation throughout the project life cycle. It also leads procurement and consulting services innovation and capacity building initiatives.

Goods, Works, and Non-Consulting Services

ADB extends loans and provides technical assistance to its developing member countries for a broad range of development projects and programs involving the procurement of goods, works, and services.

Consulting Services

ADB engages individual consultants and consulting entities to provide expert advice such as in contract preparation and project supervision, and to help ADB to prepare studies, appraisals, and reports.
