Way forward

Strengthening the Monitoring and Evaluation system for reconstruction of flood-damaged schools

March 2025

Technical Assistance Support Framework

- Upgrading Flood & Rehabilitation Dashboard at the Reform Support Unit (RSU)
- Strengthening Planning Development & Research (PDR) development Dashboard

Upgrading the Flood & Rehabilitation Dashboard at Reform Support Unit (RSU)

- Support in expansion of SEMIS technical capacity for data integration
- Support in integration of PDR database with RSU data systems for seamless reporting
- Improve evidenced-based for decision-making

Strengthening the Planning Development & Research (PDR)

- Support in integration of SEMIS dashboard tracking with PDR
- Support in Real-time monitoring of school reconstruction
- Support to data-driven analysis for evaluation of PC-1s
- Support to preparation of Annual Progress Report on the reconstruction effort

Capacity Development and Resource Mobilization

- Support in strengthening procurement & financial management capacities.
- Training for RSU, PDR, district officials, and engineers.
- HR and equipment support based on further consultations and assessments.
- Considering the significant gaps for reconstruction of schools, ADB, in collaboration with its partners, is committed to mobilize additional resources.

Thank you
